# BIO SUPER GLOW C SERUM

# OUR STORY

After extensive research and thorough testing from natural and pure ingredients that scientists found in the plant and herbal ecosystem, we understand the wonderful benefits of these rare ingredients, with the ability to regenerate the new skin cell and provide healing to the one that is damaged.

Dedicated to this product, our skin care experts with years of research experience extract and combine the right natural ingredients using the most advanced and scientific technologies in the United States.

Through formulating, rigorous testing, manufacturing with sterile process, and trial, HBU Bio-Skin care set is finally here. Our passion and purpose are to revitalize, rejuvenate and preserve the beauty of your skin.

## *WHAT IT IS*

Glow C Serum is a highly researched product, formulated exclusively by the leading dermatologists in the United States. This product is manufactured with modern technology and sterile techniques. The manufacturing process meets GMP standards and is strictly regulated by leading US certification agencies.

Super Glow C Serum has highly concentrated source of pure vitamin C. It is a micronutrient that is very good for the skin to help stimulate collagen to be produced naturally. At the same time, it has an antioxidant effect, inhibiting the growth of free radicals, thereby preventing formation of melanin pigment, helping to fade dark spots. Super Glow C Serum helps even out skin tone and gives you smooth-looking skin. Besides, it helps regenerate and protect skin from sun damage, improve signs of aging, help protect and rejuvenate your skin.

- Super Glow C Serum repairs and protects sun- damaged skin. The serum also corrects signs of aging.
- Super Glow C Serum works deep in the dermis layer to protect skin from environmental pollution, sunlight, and free radicals' damage.
- Super Glow C Serum lifts the epidermis (the outermost layer of the skin) and gives you a visibly younger-looking complexion.
- Super Glow C helps to visibly improve dry skin and strengthen the protective film on the skin to prevent water loss from occurring, helping the skin restore and glow healthily.
- It's the secret to healthy, glowing skin by improving your skin tone and complexion. This antioxidant-rich serum rejuvenates sun-damaged skin and unlocks your skin's inner radiance.

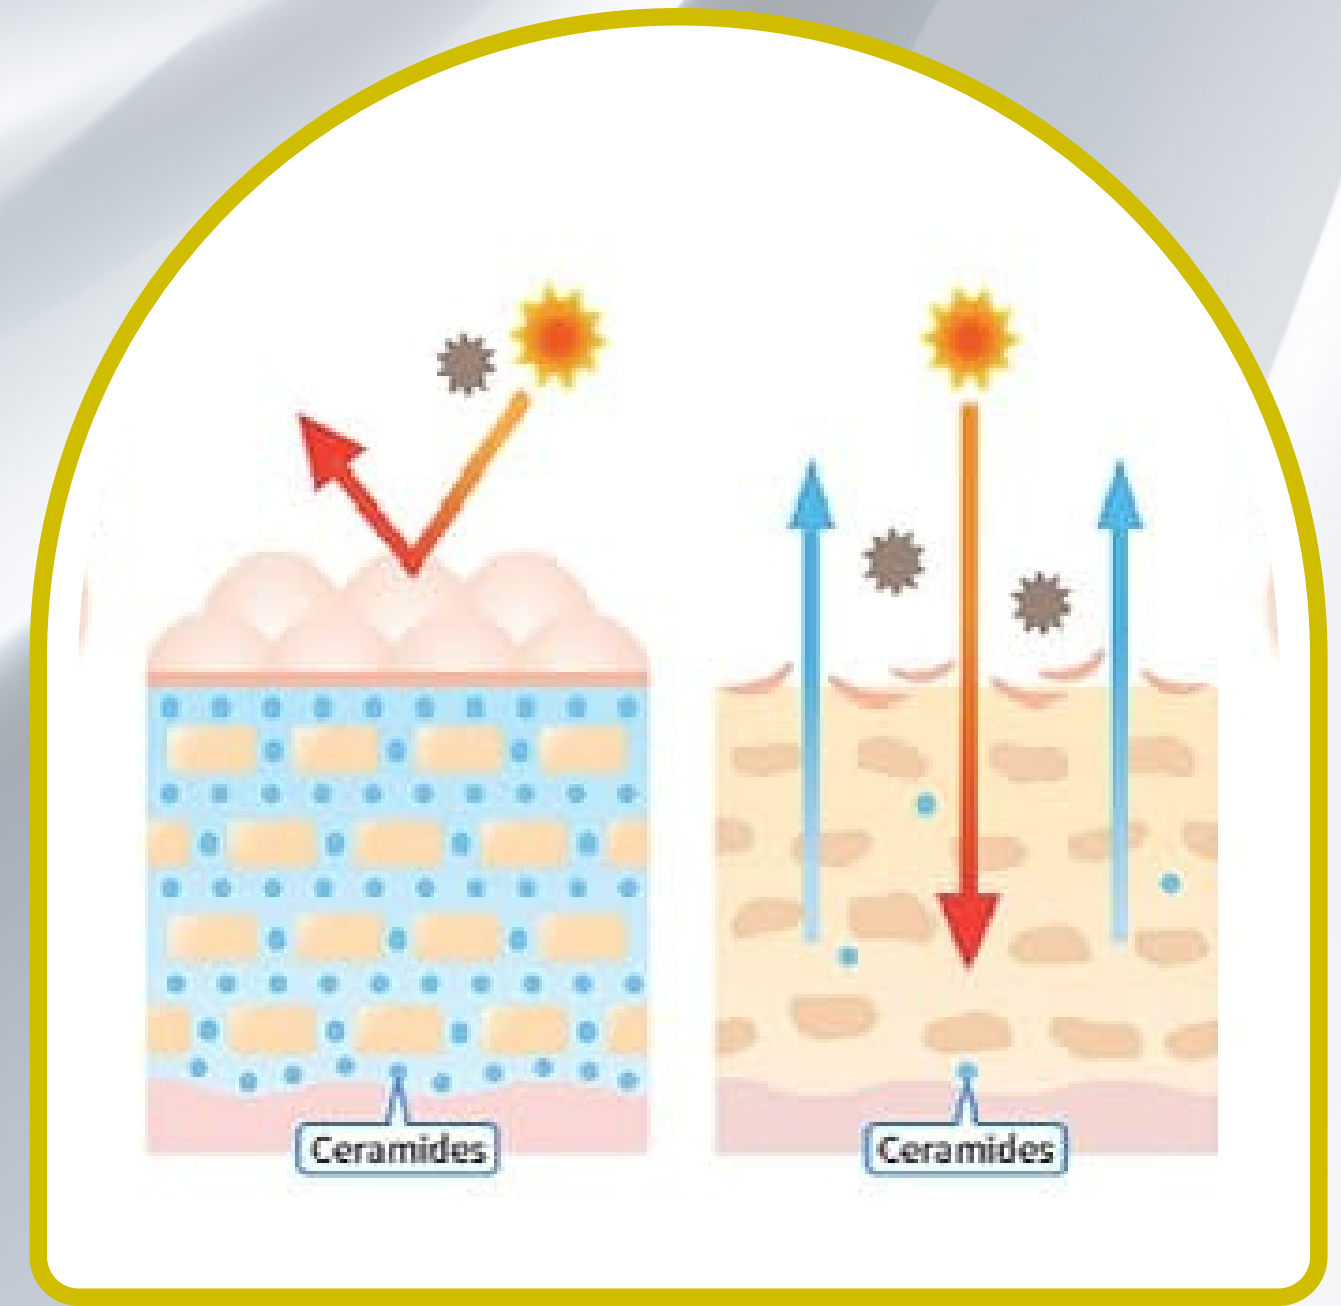

## WHAT IT DOES

Our Bio Glow C Serum is powered by vitamin C to give your skin the benefits of this powerful antioxidant. It works deep in the dermis of your skin to give you a visibly younger-looking appearance. It's the perfect first step into anti-aging and gives you a brighter and clearer complexion.

- Moisturize and prevent dry skin, reducing wrinkle formation.
- Brighten skin and limit hyperpigmentation.
- Heal skin wound quickly.
- Treat and prevent acne from forming.
- Lighten dark circles around the eyes.
- Blur acne, dark spots, and reduce redness on the skin.

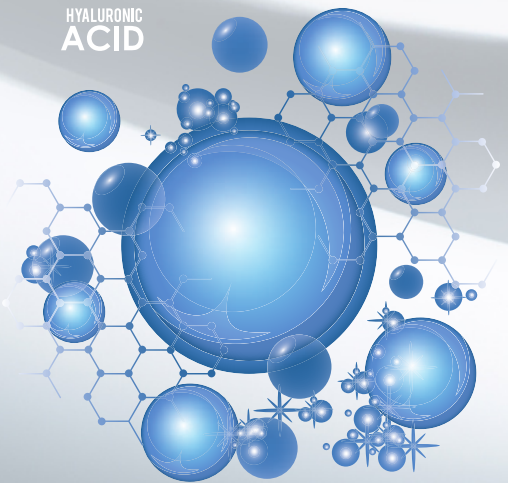

## *OUR TECHNOLOGY*

Glow C Serum is a highly researched product, formulated exclusively by the leading dermatologists in the United States. Products are manufactured with modern technology and sterile techniques. The manufacture process meets GMP standards, and is strictly regulated by leading US certification agencies.

Super Glow C Serum is produced by bio-technology with high penetration ability to deep skin cells, working from the inside out to effectively nourish and regenerate skin layers

# *KEY INGREDIENTS*

## **Hyaluronic Acid**

Holds up to 1000 times its molecular weight in water. It's the “tall glass of water” your skin has been waiting for. Hyaluronic acid acts as a humectant and holds water molecules on the surface of the skin, improves skin condition, reduces wrinkles and increases elasticity.

## **Citrus**

Works to protect your skin against free radical damage while repairing and rejuvenating your skin. It promotes collagen and elastin production to keep your skin firm and smooth.

## Rosemary Extract

Is an anti-inflammatory ingredient that reduces swelling and puffiness, as well as acne and hyperpigmentation. It also diminishes signs of premature aging by tightening loose skin.

## Vitamin C and E

Work together as antioxidants to protect your skin against free radicals and UV radiation, while brightening your skin's complexion. They hydrate, brighten, and diminish the appearance of pigmentation and dark circles.

## Ferulic Acid:

Help reduce redness and protect your skin from long-term UV damage.
