BIO UPLIFT SERUM

OUR STORY

After extensive research and thorough testing from natural and pure ingredients that scientists found in the plant and herbal ecosystem, we understand the wonderful benefits of these effective ingredients, with the ability to regenerate the new skin cell and provide healing to the one that is damaged.

Dedicated to this product, our skin care experts with years of research experience extract and combine the right natural ingredients using the most advanced and scientific technologies in the United States.

Through formulating, rigorous testing, manufacturing with sterile process, and trial, HBU Bio-Skin care set is finally here. Our passion and purpose are to revitalize, rejuvenate and preserve the beauty of your skin.

WHAT IT IS

Bio Uplift Serum is a highly researched product, formulated exclusively by the leading dermatologists in the United States. The product is manufactured with modern technology and sterile techniques. The manufacturing process meets GMP standards, and is strictly regulated by leading US certification agencies.

Bio Uplift Serum helps your skin regenerate deeply from within.

It boosts your skin's collagen production to give you younger and brighter-looking skin.

It rejuvenates and vitalizes your skin with our innovative ingredients.

It's the ultimate elixir of youth.

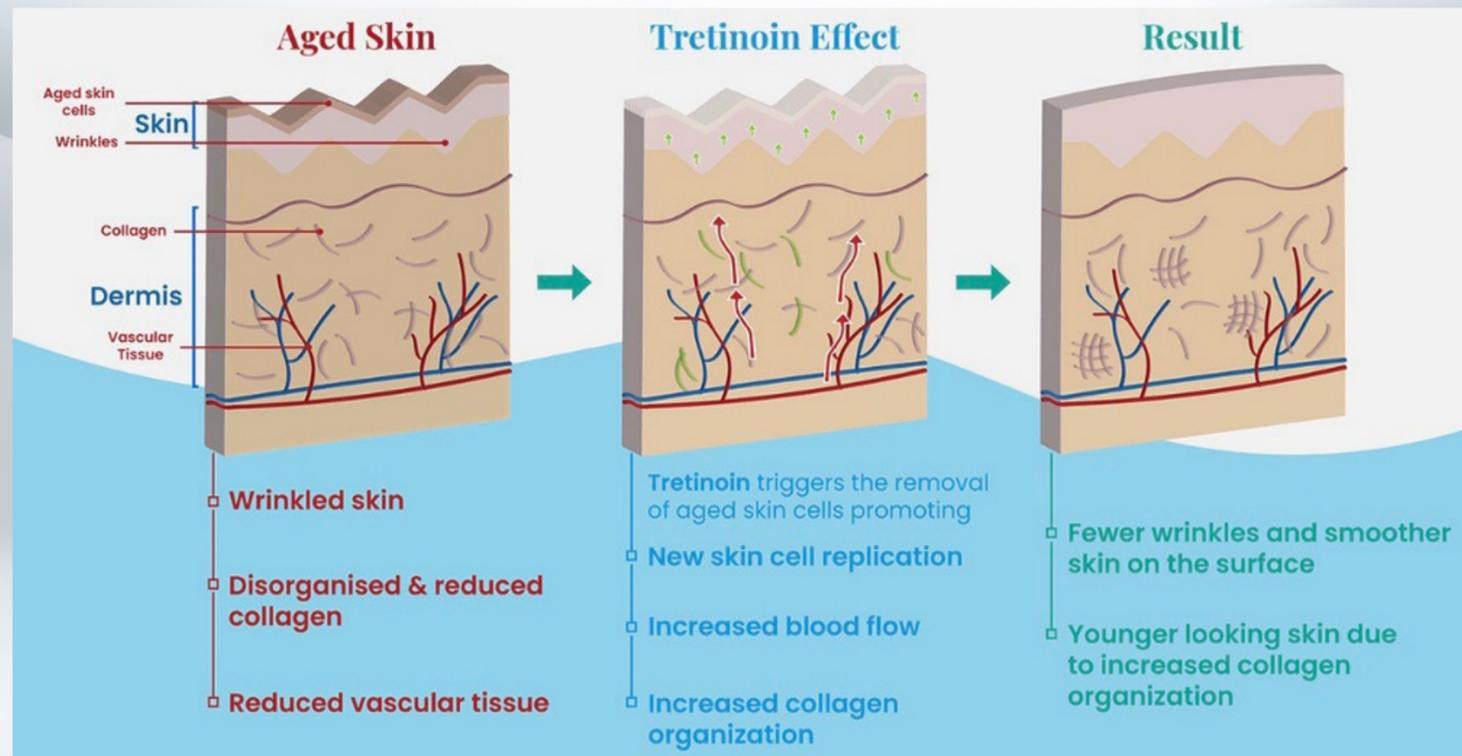

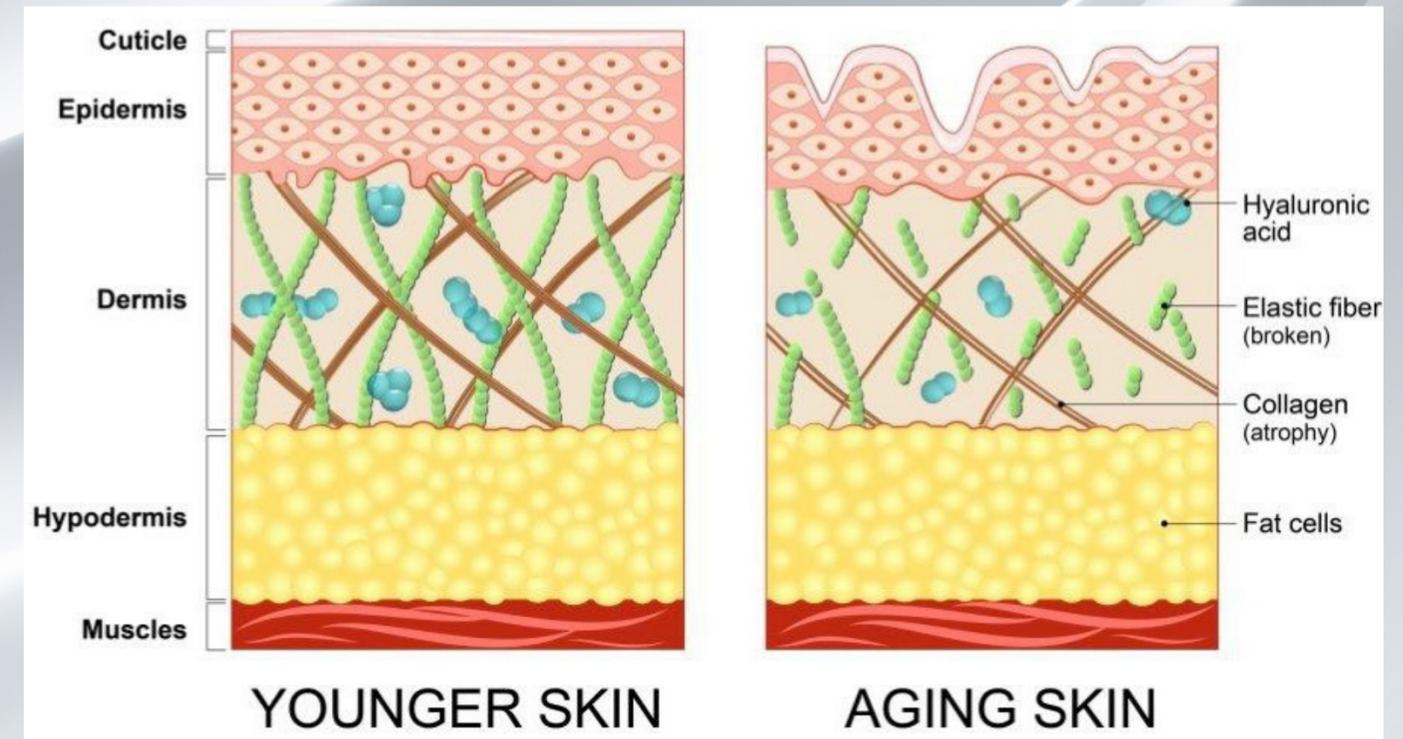

Give your skin an anti-aging and uplift effect with this serum.

WHAT IT DOES

Bio Uplift Serum renews skin straight from the source and supports the natural cycle of cellular turnover.

- Stimulates new skin cell regeneration.

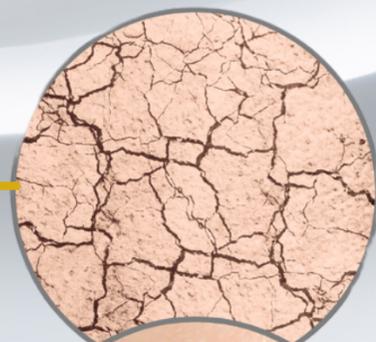

- Promotes the metabolism of the skin cell, helping the skin to be healthy from the inside.

WHAT IT DOES

- Improving uneven skin tone and smooth out the skin surface.
- Brightening the skin by limiting melanin pigments in the skin, helping to fade dark spots, and even out skin tone.
- Preventing premature aging, reducing the natural oxidation process, effectively protecting the skin from environmental damage.

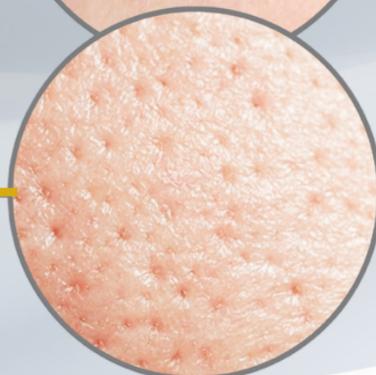

WHAT IT DOES

• *Improve sagging skin and enhance firmness and elasticity, reducing fine lines and wrinkles on the skin.*

• *Support acne treatment, anti-inflammatory and reduce redness and acne scars.*

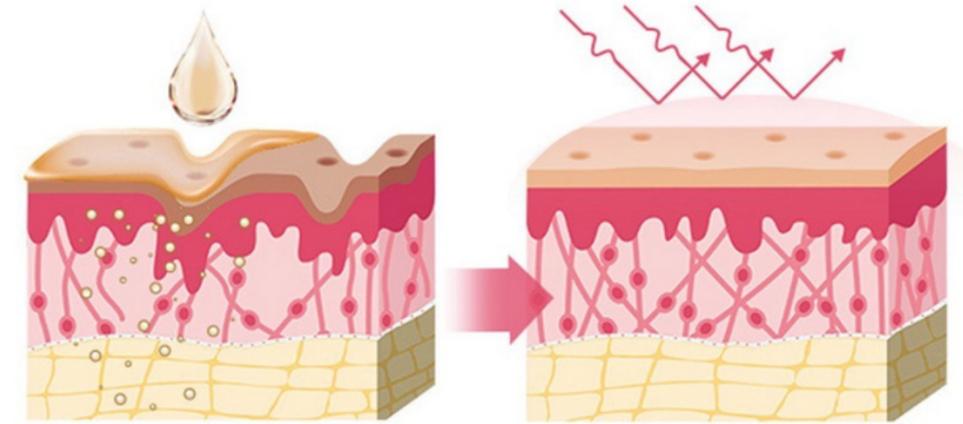

• *Diminish large pores, limit the accumulation of excess oil.*
• *Soothe and moisturise your skin.*

OUR TECHNOLOGY

Bio Uplift Serum is produced by biotechnology with high absorbency to deep skin cells, working from the inside out to effectively nourish and regenerate skin layers.

It is formulated and manufactured using high-performing technology with precious ingredients.

Strong Penetration Capacity

Small molecules has strong penetration ability that can be deeply penetrated into the skin and effectively Repair skin

ACTIVE INGREDIENTS

Retinol

Reduces the appearance of fine lines and wrinkles, while helping to boost collagen production to keep your skin youthful and firm.

Hyaluronic Acid

Is one of the best ingredients for hydration. It holds up to 1000 times its weight in water for all-day hydration, helps to strengthen and hydrate the skin. This ingredient boosts your skin's natural protective barrier to prevent free radical damage and harmful effects.

KEY INGREDIENTS

Niacinamide

- Tackles hyperpigmentation
- Repairs the skin barrier function
- Fights aging
- Provides hydration and helps treat abnormally dry skin
- Curbs acne
- Lightens skin

OTHER KEY INGREDIENTS

Vitamin E

Is an antioxidant, protects your skin against the harmful effects of UV rays and free radical, helps protect the physiological lipid membrane on the skin, retains moisture to keep your skin hydrated all day.

Chamomile

Is a powerful natural anti-inflammatory ingredient that promotes cellular turnover and brightens your skin's complexion.

Aloe vera

It has the effect of tightening the skin, shrinking pores, and soothing the skin. It also heals and treats dark spots, effectively preventing and reducing acne. Besides, aloe vera stimulates the body to synthesize collagen and elastin and help regenerate new cells.
